CANDIDATES & FACULTY SPEAKS

Structure of program is very good for an experienced person like me, going over unnecessary basics was not required. It is a real value add to the whole experience.

- **Rameshwar, TCS**

My experience with Rahitech has been extremely good. It is the most rigorous course available in IT. I got a lot of exposure through sessions from Industry experts.

- **Prachi, QuickHeal**

Regular classes and OJT helped to strengthen and enhance my technical and analytical skills. Brainstorming sessions during the trainings helped me to gain innovative ideas. Placement team helped me to get my first job as System Engineer with Zensar.

- **Rohan, Zensar**

“ All our training programs and OJT sessions have been thoughtfully designed to give the learner exposure to handle Real Time Scenarios.

Our programs has helped 1000+ candidates with no IT experience to build a successful career in IT Industry.”

- **Abhijit Chavan**
Technical Head
